Solutions

Professional personnel listen to your needs and objectives, to tailor a solution that's right for you. Whether you are a home office, small business, school or major corporation, AAR Technologies has the products and expertise to satisfy your needs.

Our Services

We service equipment in our workshop or at your premises, offer a pickup and delivery service and also have loan equipment available. We quote all jobs prior to commencement and offer warranty and a fast turnaround on all repairs.

Service Agreements

To ensure your equipment delivers optimum results time and time again, it is essential to maintain its services. AAR Technologies is the dealer for Konica Minolta, Kyocera, EPSON, Dell, Lenovo and repair centre for Kyocera & Konica Minolta. We can tailor an equipment service agreement to meet your needs and machine/s.

Management System

AAR Technologies uses an Integrated Service Management System. This specially designed system allows AAR Technologies to accurately track, monitor and report on every aspect of its service capabilities, across customers and machines. At the touch of a button we can check the service history, including response times, number of visits, faults reported and consumables used. This gives us a comprehensive overview of your machine/s and its needs, allowing us to provide you the best possible service. AAR Technologies was established with the fundamental desire to provide excellent customer service, exceeding expectations.
